City, County Officials Ask Street Improvement

Representatives of the County and the City of Los Angeles appeared before the State Highway Commission in the Santa Monica City Hall Wednesday morning in behalf of two major road projects in the Fourth Supervisorial District, Supervisor Burton W. Chace announced.

Chace said that Newton H. Templin, County Road Commissioner, urged the Commission to expedite the improvement of Western Avenue from the San Diego Freeway to 25th Street in San Pedro.

The City of Los Angeles asked for similar consideration for the improvement of Venice Boulevard from the Santa Monica Freeway to Pacific Avenue in Los Angeles.

CHACE SAID that Venice Boulevard was recently added to the State Highway System by the Legislature and its improvement is "of mutual interest to the State, County and the local jurisdictions."

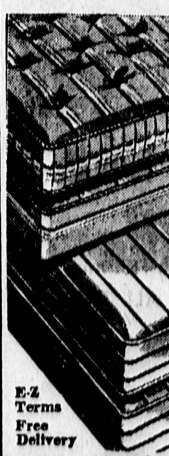

He also noted that the improvement of Western Avenue "has the support of the local agencies involved and is urgently needed to serve the communities extending from Torrance to San Pedro, the recreational facilities along the Palos Verdes Peninsula, the vital military installations at Ft. McArthur, the naval depots and the coastal air defense facilities."

Chace pointed out that Los Angeles County has approximately 40 per cent of the State's population and registered vehicles but only 5.4 per cent of the State highway mileage which, he added, shows the need for improving the existing system and adding highways to meet the ever-increasing demands.
